

LICENSE & FIREARMS INFORMATION

- Nordic Point Lodge is a license issuer for the Ontario Ministry of Natural Resources. Licenses can be purchased directly from us.
- For first-time hunters to Ontario, you will be required to provide proof of your hunting qualification to have an Ontario Hunting Outdoors Card issued to you. Once issued, this card gets you registered as a qualified hunter in the province and may be renewed every 3 years as required.
- For hunters that already have been issued an Ontario Hunting Outdoors Card, the lodge will verify the number and pre-issue any renewals or license tags that are needed.
- Absolutely NO handguns, tasers, & mace can be imported into Canada.
- All Firearms (does NOT include bows) being brought into Canada must be registered at the Canadian Customs at the time of entry into Canada. It is a relatively simple process but requires a little bit more time at the border to get the required form filled out and the fee paid (\$25).
